Investment Advice

If you had purchased \$1,000 of AIG stock one year ago, you would have \$42 left.

With Lehman, you would have \$6.60 left.

With Fannie or Freddie, you would have less than \$5 left.

But if you had purchased \$1,000 worth of beer one year ago, drank all of the beer, then turned in the cans for the aluminum recycling REFUND, you would have had \$214.

Based on the above, the best current investment advice that I can give you is to drink heavily and recycle.
